## **CA ALLIANCE AND THE CATALYST CENTER ANNOUNCE THE LAUNCH OF THE FULL CIRCLE HEALTH NETWORK:**

### **WELCOMES CAMILLE SCHRAEDER TO LEAD**

**Sacramento, CA** – The California Alliance of Child and Family Services, one of the country's largest child serving advocacy state associations, is thrilled to announce that Camille Schraeder has been selected to lead its newly formed Full Circle Health Network. This one-of-a-kind network aims to deliver expanded services for children and families via contracts with Managed Care Plans (MCPs) for Enhanced Care Management, Community Supports and other community-based behavioral healthcare services and supports.

"We are delighted that Camille Schraeder is joining our team at the California Alliance to lead our new behavioral health network," said Christine Stoner-Mertz, CEO of the CA Alliance. "Drastic changes in California's MediCal System brought on by the CalAIM initiative, have created new opportunities and positioned us in a way that allows this new network to deliver much needed services and support to our California Alliance members. Under the leadership of Camille Schraeder, we know the Full Circle Health Network will thrive and become a pillar in California's changing behavioral health treatment landscape, helping to bridge gaps between service systems and get services to those that need them most."

With over 30 years of experience in foster care, community based, and behavioral health services, Camille Schraeder has an extensive history in community involvement and is a strong advocate for children, youth and families at the local, state, and federal levels. Camille's experience in founding an Administrative Services Organization in Northern California, knowledge of health plans, and deep understanding of the Alliance's member organizations makes her the ideal candidate to lead this effort. Prior to joining The CA Alliance, she served as the founder and CFO/CPO of Anchor Health and Director of Public Policy and Program Development at Redwood Community Services.

"I look forward to leading and supporting the expansion of services and supports to California's children, youth, and families across the lifespan," said Camille Schraeder. "I am excited to work with the Alliance's many experienced and effective agencies to partner with managed care plans resulting in a high quality, comprehensive, client centered service continuum under CalAIM and beyond."

For more information on the Full Circle Health Network, please contact Camille Schraeder at [cschraeder@cacfs.org](mailto:cschraeder@cacfs.org).
