Benefit of Membership at the CA Alliance

COLLEAGUES

Member agency executives join a select group of the most dedicated, entrepreneurial, supportive, principled nonprofit executives in California. They are available for encouragement, know-how, and collaboration. Members have reciprocal access to that collective wisdom.

INFORMATION

Members receive the critical information they need to make decisions for their agencies. It is delivered quickly, clearly, and accurately. Weekly email blast updates provide members with the best summation of state legislation, budget, and policy available in California, as well as upcoming events throughout the state. Emails from Alliance policy experts make sure members get critical information – often available only to Alliance agencies – that they can use in real time. Alliance conferences bring the experts to members.

Do you have a new staff member, or just need a refresher on the CA Alliance?
Click [HERE](#) to visit our "Welcome Center".

The California Alliance of Child and Family Services "provides a great benefit" for chief executives of organizations serving the state's most vulnerable populations.

Here's why:

Alliance advocacy assures member's voices are heard in Sacramento. Each voice is more powerful because it is joined with the voices of all Alliance member agencies.

The Alliance provides members with timely, vital information they need to make critical decisions affecting their agencies' futures.

Alliance staff with specific policy area expertise and real-world experience across multiple service sectors are available to members by phone or email. Members gain access to the collected wisdom of over 160 other chief executives who are their colleagues.

These may be the most challenging times our field has ever faced. Alliance member agencies are mission-driven; they survive and thrive because of their single-minded dedication to the best interests of the vulnerable children, youth and families they serve. The Alliance exists to help members assure their agencies achieve their missions.

**For questions about Alliance membership,
contact Corina Dubon at cdubon@cacfs.org, 916.594.8771**

ADVOCACY

Alliance lobbyists, staff and consultants advocate with the Governor's office, the Legislature, state departments of education, health, social services, and the division of juvenile justice, county government associations, and with other child advocacy groups. The Alliance works proactively to impact policy, budget, legislation, and regulation. Our history of integrity, effectiveness and expertise has made the Alliance one of the most respected voices in Sacramento. Each member's voice becomes more powerful when it joins the voices of all Alliance member agencies.

EXPERTISE

Members gain access to Alliance staff, with specific policy area expertise and real-world experience. Need help with understanding the Family First Prevention Services Act? Challenged by a licensing problem? Trying to understand the impact of a federal budget action on local school districts? Staff responds quickly with data, insights and knowledge members can use today. Unlike other associations, moreover, Alliance staff expertise—and advocacy—spans multiple child and family serving systems including child welfare, mental health, juvenile justice, and education.

CALIFORNIA ALLIANCE PROGRAM COMMITTEE DESCRIPTIONS

As the saying goes, many hands make light work. That's why the heavy lifting at the California Alliance is handled by the board of directors in conjunction with a host of business and program committees made up of member agency executives and senior level management.

Each program area represented by the Alliance has a committee that determines and monitors the legislative and regulatory agenda in the program area. Member agencies with active programs in California Alliance advocacy areas are allotted one voting member on the corresponding program committee. Committee chairs have a seat on the California Alliance Board of Directors.

While there is a DEI Workgroup focused on equity issues, a common thread that runs through each committee structure is a firm commitment to advance and promote racial equity and eliminate racial disparities in legislative and regulatory.

1. Foster Family Agency Committee

- a. Staffed by Tyler Rinde (trinde@cacfs.org) and Tony Ghanem (tghanem@catalyst-center.org)
- b. The Foster Family Agency committee focus on all topics related to the work Foster Family Agencies are involved in including community care licensing, budgets, family finding, rate adjustments, and more.

2. Residential Care Committee

- a. Staffed by Tyler Rinde (trinde@cacfs.org) and Ariana Gonzalez (agonzalez@catalyst-center.org)
- b. The residential care committee focuses on all topics related to residential care including FFPSA, STRTPs, guardianship, and more.

3. Juvenile Justice Committee

- a. Staffed by Cornelle Jenkins (cjenkins@cacfs.org) and Alina Sanchez (asanchez@catalyst-center.org)
- b. The juvenile justice committee focuses on all topics related to juvenile justice involved youth including interventions and programs (residential and non-residential), evidence informed practices specific to justice involved youth, and more.

4. Education Committee

- a. Temporarily staffed by Chris Stoner-Mertz (chris@cacfs.org) and Rhonda Young (ryoung@catalyst-center.org)
- b. The education committee focuses on all topics related to education including nonpublic schools, special education, Community Schools' updates, grant opportunities, and more.

5. Transitional Aged Youth Services Committee

- a. Staffed by Tyler Rinde (trinde@cacfs.org)
- b. The TAY committee focuses on topics related to the TAY population including programs and services and share best practices and concerns related to housing, funding, and more.

6. Behavioral Health Committee

- a. Staffed by Adrienne Shilton (ashilton@cacfs.org) and Kelsie Tatum Martinez (kmartinez@catalyst-center.org)

 - ii. Regular updates from expert consultants.

8. Adoption Committee

- a. Staffed by Tyler Rinde (trinde@cacfs.org) and Tony Ghanem (tghanem@catalyst-center.org)
- b. The adoption committee focus on all topics related to the work adoption agencies are involved in including community care licensing, budgets, family finding, rate adjustments, and more.

9. CEO/ED Meeting

- a. Staffed by Celeste Walley (cwalley@catalyst-center.org)
- b. Facilitated by Alliance CEO, Chris Stoner-Mertz, the CEO/ED meeting is the place where member CEO/Eds come together to network, make connections, hear updates directly from state and other stakeholders, and share best practices in a confidential forum.

10. HR and CFO Directors Workgroup

- a. HR and CFO directors are responsible for creating and/or monitoring policies and procedures within their organizations. This group, facilitated by Operations Director, Kim Janoe (kjanoe@cacfs.org), meets monthly to share best practices, hear from financial and human resource experts, and network.

11. Commercial Insurance Committee

- a. Staffed by Adrienne Shilton (ashilton@cacfs.org) and Tony Ghanem (tghanem@catalyst-center.org)
- b. The commercial insurance committee focuses on helping members learn how to contract with managed care plans, share best practices and lessons learned, and advocate at a state policy level for behavioral health parity.

12. Evolving CEO group

- a. The CEO/ED's job is as difficult as it is important, therefore, we have created a group for CEO/EDs new to their job and/or field. This group offers a supportive environment that offers presentations, networking, and opportunities to share best practices facilitated by Alliance CEO, Chris Stoner-Mertz.

13. Diversity, Equity, Inclusion, and Belonging (DEI + B) Workgroup

- a. The DEI + B work group focuses on equity issues related to topics for BIPOC communities and sharing best practices within organizations facilitated by Director of Strategic Initiatives, Cornelle Jenkins (cjenkins@cacfs.org). The group will also be exploring training opportunities to increase the group's collective knowledge and share those learnings across the membership in order to further the Alliance's collective journey to being a more diverse, equitable, and inclusive organization.

14. Commercial Sexual Exploitation of Children Committee

- a. Temporarily staffed by Alex Volpe (avolpe@catalyst-center.org).
- b. The purpose of the committee is to bring together members working with children and youth affected by commercial sexual exploitation and to work in finding better solutions to address the challenges that youth and caregivers face.

*"I am deeply grateful to, and impressed by, the CACFS. You are all amazing."

Our Impact on Adult Systems of Care

The California Alliance of Child and Family Services is the collective voice for nonprofit organizations that serve children, youth and families. Our 160+ member organizations are providing behavioral health, foster care, juvenile justice, education, and prevention services throughout California. Through our policy, advocacy and membership services, our members have gained critical and time sensitive information, participated in advocacy to ensure stability of their organizations and received timely information regarding state and federal funding opportunities.

The Alliance exists to advocate for an aggressive legislative and regulatory agenda on behalf of children and families in California. Although our advocacy is primarily child-welfare focused, our policy, advocacy, and services also support the adult system of care in California in significant ways. There is no meaningful advocacy for children and families without impacting the adults in their lives including parents and caregivers.

The California Alliance's Impact on the Adult System of Care

- **California Advancing and Innovating Medi-Cal (CalAIM)** is a multi-year initiative, by the Department of Health Care Services (DHCS) to improve the quality of life and health outcomes of individuals on Medi-Cal by implementing broad delivery system, as well as program and payment reform across the Medi-Cal program. As a trusted stakeholder, **the Alliance advocated for two key components of CalAIM including Enhanced Care Management (ECM) and Community Supports (CS) which were created to focus on adults and children/youth.** DHCS designed these two initiatives to support people with complex health and social needs and to sustain and expand person-centered, whole-person care coordination in the state's Whole Person Care pilots and Health Home Program, especially for those experiencing homelessness and those transitioning from incarceration.
- **The CA Alliance is developing the Full Circle Health Network (FCHN),** an integrated network of nonprofit, nationally accredited providers delivering coordinated, community-based services to vulnerable children, individuals and families across California. The overarching mission of FCHN is to ensure that more Medi-Cal beneficiaries have timely access to high quality services that comprehensively address their whole-person and whole-family needs, including medical, behavioral and social care.
- **Commercial Insurance Contracting and Technical Assistance**
The Alliance is committed to **preparing our members for commercial insurance work and providing ongoing technical assistance.** The Alliance hosts a regular commercial insurance committee meeting which includes sharing guideposts for preparing to do commercial insurance work, reducing the mystery of commercial insurance work, and bringing in managed healthcare organizations and experts to share information directly with members.
- **Certified Community Behavioral Health Clinic (CCBHC) Policy Work**
CCBHC is a specially designated clinic that provides a comprehensive range of mental health and substance use services. The CCBHC model alleviates decades-old challenges that have led to a crisis in providing access to mental health and substance use care. **The Alliance is working side by side with policymakers and advocates to expand and continue funding CCBHCs.** The Excellence in Mental Health and Addiction Treatment Act of 2021 – bipartisan legislation to extend and expand the CCBHC Medicaid demonstration – was reintroduced in the 117th Congress in June 2021. The legislation would allow every state the option of joining the CCBHC Medicaid demonstration and authorize investments in the model for current and prospective CCBHCs.
- **Establishing the State's first Office of Suicide Prevention**
The Alliance **sponsored AB 2112 to establish a statewide office of suicide prevention** amidst spiking calls to crisis hotlines and mental health professionals expressing increased concerns about the mental health impacts from COVID-19. The passage of AB 2112 is a critical step towards developing a statewide approach to suicide prevention, especially for those most vulnerable: youth, and particularly Native American youth and youth from underserved and under-resourced communities, older adults and LGBTQ+ individuals
- **Implementation of 988, the Suicide Prevention Lifeline**
The National Suicide Hot-line Designation Act of 2020, which designated 9-8-8 as the new national suicide prevention hot-line number was established and as a result, **the Alliance is playing a critical role in strengthening and developing new connections to members who are serving as crisis centers in California.** The Alliance has specialized expertise with mobile crisis teams and Crisis Support Units which are other elements of the broader Substance Abuse and Mental Health Services Administration/California Health and Human Services/Department of Healthcare Services vision of 988 which is in turn, part of the larger crisis continuum
- **Peer Certification (parent partners)**
The Alliance supported SB 803 which will enable California to expand the behavioral health workforce by allowing certification of Peer Support Specialists and continue advocating for peer certification principles for implementation including equity, accessibility, job clarity, and ongoing advocacy and support. Peer support services are an evidence-based, cost-effective model of care proven to reduce cost and increase participation in treatment.
- **Prop 64, SUD Workgroup Participation**
Prop 64 dollars are intended to design effective investments that promote equity and prevent substance abuse among youth and adults. The Alliance participates in Prop 64 workgroups to share emerging trends and make recommendations regarding best practices for substance prevention and provide feedback regarding program assessment, implementation, and evaluation.
